

Our student Sriraj of XII std participated in Science EXPO conducted by AGNI college in ABC school, Coimbatore on *10th Jan 2019*.

**His Project was a Smart Dustbin. The Motto being, “Cleaning and Organizing is not just a project, it is a key to be healthy”.**

He was *selected in the district level and received a Director’s prize* and to compete in the State level at Chennai. The management was kind enough to sponsor him for the upgradation of his project. It again bagged a special prize among 600 exhibits and was *selected for the interview by ‘news 18 channel’*. What a proud moment for Dr.P.G.Vians. His hard work supported by our teachers and the Management made Dr.P.G.V flag fly high.

If recommended and implemented by CBE Corporation, our P.M’s aim of ‘Swach Bharat’ can be achieved very soon in the city.
